Overall Length:

6.000 inches

Design Designation:

Allen

Unit Type:

Self-retaining

Jaw Type:

Serrated

Jaw Grasping Method:

Teeth

Serrated Pattern Design:

Longitudinally

Jaw Grasping Facility Arrangement:

Fitting into holes on opposed jaw

Product Name:

Forceps intestinal anastomosis rediatric 6" allen design

Special Features:

Pediatric; straight; micro-line; 1x2 teeth

Material And Location:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51710
