Overall Length:

8.500 inches

Blade Width:

12.0 millimeters

Blade Shape:

Angular

Design Designation:

Alexander-farabeuf

Material And Location:

Steel, stainless

Design Form:

Double-ended

Blade Edge Type:

Curved

Product Name:

Elevator periosteal alexander farabeuf ss angular 12 mm 8.5" curve

Special Features:

Or 21mm width approx.; costal periosteotome type; satin finish; used in thoracic/cardiovascular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-a
