Tip Type:

Any acceptable

Plunger Material:

Rubber

Barrel Material:

Plastic

Capacity:

130.000 cubic centimeters

Barrel Tip Design:

Concentric

Product Name:

Syringe hypodermic 130cc cap concentric plas/rbbr ster disp 50s

Special Features:

Sterile; individual package; disposable; angiographic type; w/fill tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-b
