Product Name:

Suction apparatus oropharyngeal 120/230v 50/60hz ac prtble btry

Special Features:

Portable, line power or battery operated. 120/230 vac, 50/60/400 hz or 12 vdc. 0-550 mmhg vacuum; 31 liters/min. Airflow; overflow protection; consists of: 680 ml container, 250 ml rinse bottle, 2 ea tracheal catheters with thunb valve, vacuum guage, vacuum control, hard container, and a step down transformer.

Unit Of Issue Cube:

0.912 cubic feet

Supplementary Features:

Aeromedical certified.

Unit Of Issue Weight:

12.50 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-a
