Overall Width:

11.0 millimeters

Length:

150.0 millimeters

Tip Type:

Any acceptable

Material And Location:

Steel, corrosion resisting

Surface Treatment And Location:

Any acceptable

Design Form:

Straight

Features Provided:

Reusable

Special Features:

Sterilizable at 270 degrees for 20 min.; for use w/large bone external fixation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-c
