Inside Diameter:

4.5 millimeters

Overall Length:

13.000 inches

Unit Package Quantity:

12

Design Designation:

Harris

Tip Type:

Curved

Connector Type:

Luer slip hub or luer lock hub

Core Fabrication Method:

Not woven

Diameter:

5.0 millimeters

Material And Location:

Plastic

Product Name:

Manipulator-injector uterine harris 13" lg dbl lumen crvd tip 12s

Special Features:

Inflated cuff; cervical safety disc; adj stop f/depth setting distal end; pressure sensitive balloon; assembled on proximalend; f/introducing dye, contrast media or gas into uterine cavity and other gynecological procedures; individually packaged

Style Designator:

Double lumen duodenal tube w/ balloon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
