Overall Length:

9.000 inches

Diameter:

0.062 inches

Design Designation:

Kirschner

Tip Type:

Diamond

Material And Location:

Steel, corrosion resisting

Surface Treatment And Location:

Passivated

Features Provided:

Nonsterile

Product Name:

K-wire .062 inch

Special Features:

Diamond point at both end; use in fixation of bone fractures; compatible with nsn 6515-01-165-6694; meet astm standards

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-c
