Design Designation:

Nasal and rae

Shaft Eye Quantity:

2

Tip Type:

Beveled

Core Fabrication Method:

Not woven

Diameter:

5.5 millimeters

Material And Location:

Plastic, thermoplastic

Product Name:

Tube tracheal e11 w/o cuff 5.5mm diameter plastic sterile disp 10s

Special Features:

Uncuffed; preformed curve; 19.5 cm from distal tip to center of bend; ethylene oxide gas sterilized; 10 ea per box

Style Designator:

Tracheal w/O cuff

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
