Overall Length:

30.450 inches

Overall Width:

13.970 inches

Unit Package Quantity:

10

Tube Inside Diameter:

3.0 millimeters

Design Designation:

Wound drainage

Syringe Capacity:

100.0 cubic centimeters

Core Fabrication Method:

Not woven

Material And Location:

Plastic

Product Name:

Drain-reservoir suct surg wound drainage 30.45x13.97" plas 10s

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
