Design Designation:

Mini power driver

Material And Location:

Steel, corrosion resisting

Shank Type:

Straight

Point Type:

Twist drill

Product Name:

Electro cautery d3 knife pt 7.5" lg large size body unit type

Diameter:

3.05 millimeters

Special Features:

Trinkle no. 31; for use with trinkle chuck on competitive equipment/maxi-driver ii, air driver and mini-driver systems; reusable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-e
