Unit Package Quantity:

12

Design Designation:

Foley

Shaft Eye Quantity:

2

Balloon Capacity:

30.0 cubic centimeters

Inflation Device:

Valve

Tip Type:

Round

Diameter:

30.000 french

Material And Location:

Rubber, latex catheter

Features Provided:

Sterile and disposable

Special Features:

Individually packaged; polytetrafluoroethylene coated; hemostatic balloon type; medium length round tip

Style Designator:

Modified retention

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
