Unit Package Quantity:

12

Design Designation:

Foley

Shaft Eye Quantity:

2

Balloon Capacity:

30.0 cubic centimeters

Inflation Device:

Valve

Tip Type:

Round

Core Fabrication Method:

Not woven

Diameter:

24.000 french

Material And Location:

Silicone

Features Provided:

Disposable and sterile

Special Features:

Medium length; large drainage lumen

Style Designator:

Hemostatic w/ ovoid balloon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
