Unit Package Quantity:

5

Design Designation:

Murphy

Shaft Eye Quantity:

1

Inflation Device:

Self-sealing valve

Tip Type:

Reinforced

Diameter:

7.0 millimeters

Material And Location:

Plastic, polyvinyl chloride tube

Features Provided:

Flexible and sterile

Product Name:

Tube tracheal e12 w/cuff murphy 7mm diameter nonkinking flex ster 5s

Special Features:

Individually packed; nonkinking

Style Designator:

Tracheal w/ cuff

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
