Tracheal Tube - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-299-5610

Unit Package Quantity:
5
Design Designation:
Murphy
Shaft Eye Quantity:
1
Inflation Device:
Self-sealing valve
Tip Type:
Reinforced
Diameter:
7.0 millimeters
Material And Location:
Plastic, polyvinyl chloride tube
Features Provided:
Flexible and sterile
Product Name:
Tube tracheal e12 w/cuff murphy 7mm diameter nonkinking flex ster 5s
Special Features:
Individually packed; nonkinking
Style Designator:
Tracheal w/ cuff
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A22100
