Thread Direction:

Right-hand

Casehardening Indicator:

Not casehardened

Head Style:

Crowned hexagon

Head Diameter:

5.0 millimeters

Length:

16.0 millimeters

Material And Location:

Steel, corrosion resisting

Surface Treatment And Location:

Passivated

Outside Thread Diameter:

3.2 millimeters

Special Features:

PCOR-TE-X;S-PHER

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-m
