**Handle Type:**

Lock

**Specific Use:**

Controlled depth insertion without tissue distortion or blade flex

**Material And Location:**

Steel, corrosion resisting

**Surface Treatment And Location:**

Passivated

**Product Name:**

Guard dura fixed stem crs passivated lock handle

**Exterior Container Weight:**

0.062 pounds

**Exterior Container Cubic Measure:**

0.001 cubic feet

**Exterior Container Quantity:**

1

**Special Features:**

USED-IN-TUR-NING

**Unit Of Issue Cube:**

0.001 cubic feet

**Unit Of Issue Weight:**

0.062 pounds

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T133-d
