Unit Package Quantity:

10

Design Designation:

Oral and rae

Shaft Eye Quantity:

2

Inflation Device:

Pilot balloon and self-sealing valve

Tip Type:

Round

Core Fabrication Method:

Not woven

Diameter:

8.0 millimeters

Material And Location:

Plastic

Features Provided:

Clear

Product Name:

Tube tracheal nasal e11 w/o cuff child ster disp w/15mm conn 10s

Special Features:

Tip-to-tip radiopaque line; individually packaged

Style Designator:

Tracheal w/ cuff

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
