**Unit Package Quantity:**

10

**Design Designation:**

Oral and rae

**Shaft Eye Quantity:**

2

**Inflation Device:**

Pilot balloon and self-sealing valve

**Tip Type:**

Round

**Core Fabrication Method:**

Not woven

**Diameter:**

8.0 millimeters

**Material And Location:**

Plastic

**Features Provided:**

Clear

**Product Name:**

Tube tracheal nasal e11 w/o cuff child ster disp w/15mm conn 10s

**Special Features:**

Tip-to-tip radiopaque line; individually packaged

**Style Designator:**

Tracheal w/ cuff

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A22100
