Tracheal Tube - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-317-0293

Unit Package Quantity:
10
Design Designation:
Oral and rae
Shaft Eye Quantity:
2
Inflation Device:
Pilot balloon and self-sealing valve
Tip Type:
Round
Core Fabrication Method:
Not woven
Diameter:
6.0 millimeters
Material And Location:
Plastic
Features Provided:
Clear
Product Name:
Tube tracheal oral rae e12 w/cuff 6mm diameter plastic 2 eye ster 10s
Special Features:
Tip-to-tip radiopaque line; individually packed
Style Designator:
Tracheal w/ cuff
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A22100
