Thread Direction:

Right-hand

Length:

25.0 millimeters

Material And Location:

Titanium alloy

Product Name:

Screw bone rh 9mm diameter 25mm lg fully threaded titanium alloy hex

Special Features:

Headless; low profile; fully threaded; hexagon slot; rigid fixation; 9.0 mm dia; used in soft tissue bone to bone arthroscopy procedures

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
