Bone Screw - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-319-4065

Thread Direction:
Right-hand
Length:
30.0 millimeters
Material And Location:
Titanium alloy
Product Name:
Screw bone rh 9mm diameter 30mm lg titanium alloy headless hex slot
Special Features:
9.0 mm dia.; headless; low profile; fully threaded; hexagon slot; rigid fixation; used in soft tissue bone to bone arthroscopy procedures
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T133-m
