**Thread Direction:**

Right-hand

**Length:**

30.0 millimeters

**Material And Location:**

Titanium alloy

**Product Name:**

Screw bone rh 6.5mm diameter 30mm lg titanium fully threaded hex slot

**Special Features:**

6.5 mm dia; headless; low profile; fully threaded; hexagon slot; rigid fixation; used in soft tissue bone to bone arthroscopy procedures

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T133-m
