Thread Direction:

Right-hand

Length:

20.0 millimeters

Material And Location:

Titanium alloy

Product Name:

Screw bone rh 9mm diameter 20mm lg titanium headless fully threaded

Special Features:

9.0 mm dia; headless; low profile; fully threaded; hexagon slot; rigid fixation; used in soft tissue bone to bone arthroscopy procedures

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
