Overall Length:

0.900 inches

Overall Diameter:

0.350 inches

Design Designation:

Orthopedic

Tip Type:

Diamond

Material And Location:

Steel, corrosion resisting

Distal End Shape:

Round

Product Name:

Wire bone ortho 0.900" lg 0.350" diameter diamond tip nonster disp 6s

Special Features:

Disposable; non-sterile; used for pinning small bones fingers and toes for orthopedic surgery; reduces or stabilizes a fracture

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-c
