Inside Diameter:

1.250 millimeters

Overall Length:

2.1 millimeters

Unit Package Quantity:

5

Design Designation:

Otology

Material And Location:

Plastic, polytetrafluoroethylene

Product Name:

Tube ear ventilation otology e28 tympanotomy 2.1mm lg plastic 5s

Special Features:

Sheehy type; collar button; flange dia. 3.0mm; inter-flange distance 1.55mm

Style Designator:

Tympanotomy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
