Unit Package Quantity:

25

Design Designation:

Suction

Core Fabrication Method:

Not woven

Material And Location:

Plastic

Product Name:

Drain-probe suction surgical ster disp pg 25s

Special Features:

Corrugated tubing; closed circuit; designed to remove condensation fluids safely and quickly from ventilator circuit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
