Product Name:

Tube assembly gas anesthesia apparatus single tube oxygen

Special Features:

Single tube; oxygen; end item application anesthesia gas apparatus, modulus; cage 44503; p/n modulus

Supplementary Features:

If subject item is not stored in controlled climate environment for one month or more, then the shelf life shall be cut in half; destruction after 60 months

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T087-a
