Handle Type:

Integral

Blade Length:

3.0 millimeters

Usage Design:

Operation for cataract

Blade Type:

Curved

Design Designation:

Eye

Grip Type:

Knurled

Features Provided:

Disposable and sterile

Product Name:

Knife eye 3mm lg crvd blade ang to 60 degrees microsurgical crs 3s

Special Features:

Sterile; microsurgical; ultra sharp; fiberglass handle; disposable; angulated 60 degrees; unit q type 3 pr box

Shape:

60 degrees angle and sharp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
