## NSN 6515-01-354-8715

Sphygmomanometer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-354-8715

Attachment Method:
With clip for cuff
Design Designation:
Hand
Carrying Case Material:
Plastic
Securing Method To Person:
Wraparound sleeve
Manometer Type:
Aneroid
Scale Maximum Calibration:
260.0 millimeters
Special Features:
Standard; portable; for use in examining diagnosis; to obtain accurate arterial blood pressure on obese patients
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T265-f
