Overall Length:

1200.000 inches

Sterility:

Nonsterile

Conductivity:

Nonconductive

End Type:

Female connector

Tubing Inside Diameter:

0.023 inches

Special Features:

Non-radiopaque; translucent; outside diameter .038 inch; accommodate 23 gage needle; 2.9 french scale; may be gas sterilized

Flexibility:

Flexible

Material:

Plastic, polyethylene

Material:

Plastic polyethylene

Shape:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T117-a
