Head Style:

Hexagon

Length:

12.0 millimeters

Material And Location:

Steel, corrosion resisting

Outside Thread Diameter:

3.5 millimeters

Recessed Drive Style:

Recessed type 1

Product Name:

Screw bone b47 hex c6 recessed 12mm lg interfragmental cprsn 6s

Special Features:

Interfragmental compression in cortical bone or strong cancellous bone; also used in bone plating; inserted using 2305-24 hexhead screwdriver small; head dia. 6.0mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
