Head Style:

Hexagon

Length:

10.0 millimeters

Material And Location:

Steel, corrosion resisting

Outside Thread Diameter:

2.7 millimeters

Recessed Drive Style:

Recessed type 1

Product Name:

Screw bone b47 hex c6 recessed 10mm lg interfragmental cprsn 6s

Special Features:

Head dia.: 5.0mm; core dia.: 1.9mm; design for interfragmental compression in strong cortical bone of the metacarpals, the metatarsal and the proximal phalanges; also for bone plates

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
