**Head Style:**

Hexagon

**Length:**

10.0 millimeters

**Material And Location:**

Steel, corrosion resisting

**Outside Thread Diameter:**

2.7 millimeters

**Recessed Drive Style:**

Recessed type 1

**Product Name:**

Screw bone b47 hex c6 recessed 10mm lg interfragmental cprsn 6s

**Special Features:**

Head dia.: 5.0mm; core dia.: 1.9mm; design for interfragmental compression in strong cortical bone of the metacarpals, the metatarsal and the proximal phalanges; also for bone plates

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T133-m
