Width:

6.000 inches

Thickness:

0.020 inches

Length:

8.000 inches

Material And Location:

Silicone

Product Name:

Sheeting implant and fabrication 8x6x0.020" silicone flexible

Special Features:

Flexible; autoclavable; for use to repair blowout fractures of the orbit of the eye

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-c
