**Core Fabrication Method:**

Not woven

**Material And Location:**

Plastic, polytetrafluoroethylene, ams 3655

**Features Provided:**

Sterile

**Product Name:**

Vascular ptfe graft, 8 mm x 80 cm, stretch

**Special Features:**

Arterial and venous; prothesis; standard stretch graft; straight, 8 mm by 80 cm; designed for replacement of traumatized of diseased arteries and veins

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A22100
