Needle Gage Number:

29

Design Designation:

Insulin

Cannula Length:

0.500 inches

Scale Type:

Single

Scale Smallest Increment:

1.000 units

Capacity:

1.000 cubic centimeters

Needle Hub:

Provided

Features Provided:

Disposable and luer lock safety device and sterile

Product Name:

Syringe & needle hypodermic safety insulin dsgn1cc 29ga disp500s

Special Features:

0.5 inch (1.27 cm) long permanently attached needle; graduated in units and numbered in 10 unit increments from 5 units to 95 units; 5 packages of 100 each per case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-b
