Unit Package Quantity:

1

Design Designation:

Foley

Shaft Eye Quantity:

1

Tip Type:

Cone

Core Fabrication Method:

Woven

Diameter:

8.000 french

Material And Location:

Plastic, polyurethane

Features Provided:

Disposable and sterile and x-ray opacity and depth graduation markings

Style Designator:

Woven

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
