Stem Length:

4.75 millimeters

Design Designation:

Schuknecht

Material And Location:

Steel, corrosion resisting

Snare Type For Which Designed:

Incus attachment

Product Name:

Piston wire otological schuknecht 4.75mm stem lg 0.6mm diameter crs

Diameter:

0.6 millimeters

Special Features:

Polytetrafluoroethylene piston/cres wire; used in middle ear prosthesis, otologic procedures

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-e
