End Application:

6515-01-591-6833 electromyograph

Material And Location:

Lanolin base

Immediate Container Type:

Tube

Immediate Container Quantity:

01

Immediate Container Capacity:

180.000 grams

Special Features:

Easy clean-up with water; elefix conductive paste for attachment of eeg electrodes; 180 gram tube; package of 10

Color:

White

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-m
