Overall Length:

12.000 inches

Overall Diameter:

0.045 inches

Tip Type:

Flexible

Disposition After Initial Use:

Disposable

Material And Location:

Titanium

Features Provided:

Sterile

Product Name:

Guide wire bone screw 12" lg cannulated flex 0.045" diameter titanium

Special Features:

Cannulated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-g
