Component And Quantity:

Flex tube 1; flex tube cap 1

End Type:

Female connector

Product Name:

Filter heat & moisture exchanger anes eqpt w/flex tu & tu cap50s

Special Features:

Expanded performance; f/icu patient end use; provides heat, humidity/barrier filtration f/protection from bacterial, viral/liquid contamination; individually packaged w/flex tube/a flex tube cap; can be attached to anesthesia, transport/ventilator breathing systems

Shape:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T117-a
