Endoscopic Cholangiography And Pancreatography Catheter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-396-2161

Design Designation:
Cholangiography
Core Fabrication Method:
Not woven
Material And Location:
Plastic, polytetrafluoroethylene
Features Provided:
Sterile and disposable
Special Features:
Tip standard; 200 cm; stainless steel 100 cm stylet; 5.0 french; translucent tfe used w/guidewire 0.035 in.; designed for cannulation of the
commonbile and pancreatic bile
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A22100
