Unit Package Quantity:

10

Design Designation:

Foley

Shaft Eye Quantity:

2

Balloon Capacity:

5.0 cubic centimeters

Tip Type:

Reinforced and round

Diameter:

24.000 french

Material And Location:

Rubber, latex

Special Features:

Sterile; polytetrafluoroethylene coated; non-reactive surface; large eyes; universal valve with color-coded retainer ring

Style Designator:

Modified retention

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
