# Unit Package Quantity:

10

**Design Designation:** 

Foley

# Shaft Eye Quantity:

2

## **Balloon Capacity:**

5.0 cubic centimeters

#### Tip Type:

Reinforced and round

#### Diameter:

22.000 french

#### Material And Location:

Rubber, latex

#### Special Features:

Sterile; polytetrafluoroethylene coated; non-reactive surface; large eyes; universal valve with color-coded retainer ring

#### Style Designator:

Modified retention

# Shelf Life:

N/a

### Unit Of Measure:

---

## Demilitarization:

No

### Fiig:

A22100
