Tip Type:

Luer lock

Syringe Type:

Piston

Plunger Material:

Any acceptable

Barrel Material:

Plastic, polycarbonate

Scale Smallest Increment:

1.000 cubic centimeters

Capacity:

10.000 cubic centimeters

Cannula Material:

Any acceptable

Cannula Shape:

Any acceptable

Special Features:

Morse radiology control syringe; safety roll plunger stop; o ring design; silicone coated barrel; 5 cc safety reservoir.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-b
