Unit Package Quantity:

10

Design Designation:

Foley

Tip Type:

Balloon

Diameter:

16.000 french

Material And Location:

Rubber, latex catheter

Features Provided:

Disposable and sterile

Special Features:

8906 bard 400 series uritrack surgipak system; includes: bardex lubricath 400-series temperature sensing foley catheter and cable preattached with patented tamper-evident seal to 153205 urotrack plus.

Style Designator:

Hemostatic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
