**Unit Package Type:**

Package

**Design Designation:**

Synthes

**Features Provided:**

Disposable

**Product Name:**

Fixation device external orthopedic

**Exterior Container Weight:**

1.000 pounds

**Exterior Container Cubic Measure:**

0.300 cubic feet

**Exterior Container Quantity:**

1

**Special Features:**

Self-contained; compatible w/large external fixator; includes 350 mm composite material rod, 1; 5 mm screw, 4; adjustable clamp, 4; combination wrench, 1; 3.5 mm drill bit, 1; drill sleeve, 1; depth gauge w/sliding markers, 1; used for stabilization and transporation of injured patient

**Intermediate Package Quantity:**

1

**Unit Of Issue Cube:**

0.300 cubic feet

**Unit Of Issue Weight:**

1.000 pounds

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T133-e
