Accessory Components And Quantity:

Fuses, midget, 2a, 250 volt, pn 081-0020-00, 2; straps, hook & loop, 1 in wide by 24 in long, pn 334-0020-00, 2; holder, collection bottle, chrome plated, pn 334-0030-00, 2; case, padded, aspirator, w/o accessories, pn 402-0017-00, 1; filter, hydro/bact, disposable, w/hose barbs, pn 465-0005-00, 2; hoses, 2ft long, pn 540-0051-00, 2; hoses, 18in long, pn 540-0055-00, 2; hose, 12in long, pn 540-0068-00, 1; assembly, ac charger rectifier pn 703-0326-06, 1; assembly, collection canister, pn 703-0326-07, 2; assembly, carry case, hard, 7in, pn 703-0326-16, 1; assembly, auto power cable, pn 708-0326-01, 1; tubing, suction, sterile, 9/32 in id by 6 ft long, pn 820-0018-00, 1; manuals, operation/service, model 326m, pn 906-0326-03, 2

Universal Medical Device Nomenclature System Code:

10208

Product Name:

Impact eagle suction

Special Features:

For use in hospitals, ambulances, field and in military aeromedical aircraft with no external pack; operational from 115/230 volts ac; 50/400 hz with separate ac power supply furnished; 12 vdc with separate cable; portable w/mounting bracket; w/shielding to prevent emi transmissions

Supplementary Features:

Army specific

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-c
