Surgical Suction Drain-reservoir - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6515-01-438-6549

Design Designation:  Wound drainage  Material And Location:  Err-060 and plastic, polyurethane tube  Features Provided:  Clamp flow control device and depth graduation markings and disposable and trocar and x-ray opacity  Special Features:  Septer closed drainage system; leak resistant; anti-reflux valve; graduated, pre-vacuumed bottle; vacuum level indicator; impact-resi plastic container; luer lock; ratchet clamp control clamp; slide clamp; curved sides (container); radiopaque marking on polyurethane wound tubing; trocar; for postoperative closed wound drainage; 600 cc drainage cycle.  Shelf Life:  N/a  Unit Of Measure:   Demilitarization:
