Accessory Components And Quantity:

Preconnected cable

Size Designation:

Adult

Design Designation:

Breast/chest

Product Name:

Pad electrode defibrillator adult sz breast/chest preconn cable

Special Features:

Consists of two pads, one 6.3 in diameter front pad and 6.5 in by 5 in rear pad; self-adhesive electrodes; differentiated round front and rectangular back pads are diagramed to facilitate proper pad placement; conductive gel: polymer hydrogel; mfgs name stat-patz multi-function electrode with preconnect

Material:

Plastic polyethylene foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T087-a
